WHAT IS GAP COVER?

Medical Expense shortfalls are a reality. Don't be burdened with unexpected medical fees when your doctor charges more than the medical aid rate for in-hospital treatment, or the hospital charges co-payments for operations.

Gap cover is a short-term insurance product that helps protect you from medical expense shortfalls, which happen when your doctor charges more than the medical aid rate for in-hospital treatment, or the hospital charges co-payments for operations. These unanticipated expenses can leave you with an unexpected financial burden that you will have to pay for out of pocket. With rampant medical inflation and the cost of medical procedures constantly increasing, this could easily run into hundreds of thousands of Rands.

As medical aids are under constant pressure to balance benefits with affordable contributions, they have had to resort to creative strategies to attempt to maximise coverage. This means that co-payments now exist where previously there were none, and members are now being restricted to using certain providers at certain networks, with penalties applied if patients go outside of these networks.

Gap cover should be part of your financial planning no matter your age or life stage. It is never too early to start thinking about your financial future, because the sooner you start the more time you have to plan, save and invest. Effective financial planning is essential whether you are in your 20s, your 80's or any age in between, and this does not just mean having retirement annuities in place. With the rising cost of medical treatment and increasing shortfalls in medical aid cover, medical expenses can easily become a burden, and while you are typically young and healthy earlier in life, accidents happen and the older you get, the more likely you are to need costly medical treatment. Gap cover has become a vital part of a comprehensive financial planning toolset, no matter what your current age or life stage is.

HOW DOES IT WORK?

Co-payment Cover

A co-payment or deductible is an upfront amount that needs to be paid to the:

before undergoing certain procedures, as specified by your Medical Scheme. When you experience a co-payment for a procedure or scan (as specified by your Medical Scheme) you would need to pay for the co-payment up-front and then claim the amount back from your Turnberry Policy (provided that the plan you selected offers co-payment cover).

Non-DSP Hospital Cover

Should you choose to go to a hospital or day clinic outside of your Medical Scheme's Hospital Network/ Designated Service Providers, you would be liable for a portion of the account, as specified by your Medical Scheme.

Example: Henry's Medical Scheme stipulates that he needs to go to hospital X, if he chooses to go to another hospital he would need to pay the first R8 700 of the hospital account. Henry chooses to go to hospital Y and pays the R8 700 and then claims it back from his Turnberry Premier Policy.

Medical Expense Shortfall Cover

A Medical Expense Shortfall is the difference between what medical service providers (e.g. Doctors, basic and specialised Radiology, Pathology, Specialists, Consumables) charge and what Medical Schemes pay for the treatment performed in hospitals and day clinics, provided that it is paid from the Hospital Benefit or risk benefit of the Medical Scheme.

Medical Expense Shortfall Cover includes cover for:

Specialists, Basic and specialised Radiology, Physiotherapy, Consumables (e.g. plasters, cotton wool etc), Pathology, Prescribed Minimum Benefits

Sub-limit Cover

SUB-LIMIT COVER

When a Medical Scheme will only pay for a certain procedure, prosthetic device or scan up to a specified limit, this is a sub-limit.

PATHOLOGY

Turnberry's sub-limit cover also includes cover for pathology if your medical scheme has an annual limit for pathology.

ROBOTIC SURGERY

Most medical schemes fund for robotic surgery up to a global fee, where all the treatment is capped at a rand value. Sub-limit cover, assists in these instances

INTERNAL PROSTHESIS

Includes but not limited to: prosthetic hips, intraocular lenses, stents, cochlear implants, heart valves, screws, rods, cages used in surgery, hernia mesh, pacemakers

Traditional Cancer Cover

If you have depleted your cancer benefit on your Medical Scheme, you may become liable for co-payments or the full cost of any further cancer treatment, as specified by your Medical Scheme.

Example 1: Johan who has lung cancer has finished his R250 000 cancer benefit available to him on his Medical Scheme and now he is liable for the full cost of his cancer treatment. Johan still needs to undergo chemotherapy sessions. Luckily, he has a Turnberry Premier Policy and he can submit the costs of his further chemotherapy sessions to Turnberry.

Example 2: Deon has finished his R250 000 cancer benefit available to him on his Medical Scheme and still needs to undergo chemotherapy. His Medical Scheme will pay for 80% of the account for his chemotherapy. Deon is glad he listened to his Financial Advisor and took out a Turnberry Optimal Policy, now he can submit the account to Turnberry.

Client Testimonials

EASY AND GOOD COMMUNICATION

Excellent, easy and quick replies with quick payments, really no hassles. Must have Gap cover, without it we would have been in financial trouble, Turnberry makes it easy. Health and medical insurance are not easy and claiming has always caused us anxiety but we can honestly say we are impressed, from sending the claims, the communication, professional and friendly staff not to mention the quick payments has made a difficult situation so much easier. We have been so impressed by how quickly the claims have been processed which allows us to settle the service providers quickly and we are very grateful for this excellent service. We will be promoting Turnberry to family and friends as it has been a pleasure working with you and we look forward to dealing with your company.

INCREDIBLE BENEFITS AND INVALUABLE COVER

I had an operation in December last year and my husband had a dislocated wrist in January this year and he also needed to go for an operation. I contacted Turnberry for assistance after my procedure and the staff were all so helpful in guiding me through the process. We both had at least half of our medical bills paid for through Turnberry that our Medical aid didn't cover – an absolute relief as both operations were quite major. I would absolutely, without a doubt highly recommend Turnberry Gap Cover to our family and friends? I think for us we didn't realise the incredible benefit until both my husband and I needed to go for procedures. It is an invaluable cover that should be included into each and every household as it is affordable and most definitely worth the small investment, we have contributed to it each month. I have experienced wonderful service, helpful and friendly – 11/10 from my side!

PEACE OF MIND

Turnberry Gap Cover has helped cover me twice in one year with two major back operations. I would recommend Turnberry to anybody looking for Gap cover. Do not hesitate when thinking about taking Gap cover. It will give you peace of mind knowing your doctor's bills over 100% medical aid rates will be covered when needed. Turnberry services are excellent, excellent and excellent, no questions asked.

GREAT INTERACTION THROUGHOUT CLAIM SUBMISSION

My interaction with the claim submission was great. I have unfortunately not needed to deal with the Turnberry claim staff members. But from my experience, I would recommend Turnberry Gap Cover. What rating would I give Turnberry – 'from the outcome, it would be 10'.

SERVICE EXCELLENCE

It was a pleasure dealing with Turnberry. The service is excellent. I was continuously updated on my claim, and payment was received within 10 days. I would definitely recommend Turnberry Gap Cover.

GAP COVER CHOICE IS EASY - TURNBERRY

We are pensioners and although we do have a medical aid we cannot afford the burden of any extra financial costs charged by doctors/specialists who are contracted out. Would you recommend Turnberry – The choice is easy-Turnberry! "par excellence".

PAID ALL CLAIMS IN FULL

Paid in full for my claims. I had a total shortfall of around R90k and Turnberry covered the costs in full. It is of utmost importance to cover huge expenses after surgery.

EXCELLENT SERVICE

I first learnt about Turnberry when my 1st born needed to get his own medical, and because medical schemes are so expensive, I had to take a plan which we could afford. I took out a Turnberry policy for him and when he was in a serious accident, we could not afford the cost of the helicopter which needed to fly him to Pretoria but Turnberry paid the expenses. That was when I decided to take out a Turnberry policy for myself as well. Because of your excellent services I have already promoted your product to all my friends and lot of them have also signed up with Turnberry. Thank you for your excellent service. I do not think that anyone with any medical scheme can be without your product.

DO NOT LIVE WITHOUT GAP COVER

It is always a pleasure with Turnberry. My recommendation to anyone thinking of taking out Gap cover – 'do not live without it – it is the best add on to having medical aid, reducing your headaches and stress. Always a great partner'. I would rate Turnberry 10 Plus.

SENSE OF COMFORT FOR MY FAMILY

By covering my medical aid shortfall and providing a sense of comfort knowing my family will be taken care of. The premium amount is worth the peace of mind. I score their assistance and support 10 out of 10

GAP COVER IS A FINANCIAL LIFE SAVER

Gap cover stepped in where my medical aid fell short for two different procedures. That gap money was a life saver as I had to pay that out of my savings that I was building up to buy a home! I've been paying gap cover for 15 years and not needed it until 2022. But as the saying goes, it never rains it pours. And in 2022 I needed to claim for two completely different procedures within two months of each other. So, you can imagine what that did to my savings... When I did need it, I was so grateful that I had it.

TREMENDOUS FINANCIAL RELIEF

Turnberry's Gap Cover has been a tremendous financial relief based on present and past claim experiences. This is such an essential insurance necessity. I found the services and support I received from Turnberry to be efficient, friendly and professional. A Gap Cover policy is of vital importance for peace of mind and to meet medical aid shortfalls. The premiums in the most would be affordable anyway. I rate Turnberry's services as 'par excellence'.

NO NEED TO THINK ABOUT IT - JUST JOIN THEM!

Turnberry's Gap Cover paid for all shortfalls and co payments. Saved me tons of money. Efficient and timeous payments. One less thing to worry about since my husband was diagnosed with terminal illness. Gap has also paid a benefit for his illness and the monies was much needed as my husband has been unable to work since Nov 2021. What would I say to people thinking about taking out Turnberry Gap Cover – 'No need to think about it just join them'.

ELECTRONIC TAKE-ON

Employee benefits form an influential part in the corporate talent attraction and retention strategy, and companies can leverage these contributions to differentiate their employee value proposition (EVP). As such, many businesses have started to offer Employee Assistance Programmes (EAP) to cater to physical, financial and mental health, along with the more common medical aid, pension and provident funds. However, while screening is offered as part of EAP, and medical aid pays for a portion of medical expenses, the reality is that the shortfalls between what medical aid pays and what medical procedures cost is widening all the time. Adding gap cover into the employee benefit basket is cost effective and can make a real difference in employees' lives – and productivity – today as well as in the future.

THE TRUE COST

With the gap between medical aid payments and the cost of procedures growing, as well as new treatments coming in that are not fully covered by medical schemes, many people cannot afford the co-payment or shortfalls that will result from having necessary treatments and procedures. These shortfalls can run into tens of thousands of rands, sums that most people simply do not have available to them. Often in these instances, people will try and treat problems that require surgical intervention with conservative means, which in turn results in increased sick leave as they take time off when they are in pain or unwell. Their well-being also suffers because of ongoing pain and suffering from

not being able to seek the right treatment. When they cannot avoid surgery any longer, the payments can put them into significant financial difficulty. They may have to take loans from the bank, or microloans from the business, make payment arrangements with doctors, and in general deal with considerable stress at a time when their health should be the focus.

PEACE OF MIND AND FINANCIAL WELL-BEING

The addition of gap cover to benefits is an affordable way for corporates to make a real, tangible difference to their employees' health and financial well-being. With gap cover in place, those who need medical treatments or surgical interventions can seek the care they need without fear of massive financial repercussions. Co-payments and shortfalls are covered up to the Overall Annual Limit (OAL), providing peace of mind and allowing people to prioritise their health. In the case of unexpected illness or injury, the added stress of having to pay for these shortfalls is reduced.

THE BENEFITS OF GROUP GAP COVER

Corporates have access to group gap cover for their employees, which has a number of benefits over private gap cover, including preferential rates and reduced waiting periods. Value-added benefits include access to trauma counselling, additional cancer cover and a lump sum pay-out on first cancer diagnosis, depending on the plan, all of which can help with both financial and mental well-being.
