Dear Client

After a busy year, here we are again preparing to celebrate the well-deserved holidays with family and friends.

Just a quick update of our accomplishments over the course of this year.

We conducted a **Visual Audit** in August this year, and have put some measures in place, to refurbish our website, with the go-live date of the 1st January 2020. We thought this necessary in order to ensure that Turnberry is clearly differentiated from our competitors as far as branding is concerned. We have also, after a lot of consideration, introduced the **Med-Extend** plan into our new 2020 Products.

We will continuously ensure that our products meet our clients' requirements, and therefore trust that the introduction of our Med-Extend Plan will provide an additional option for our clients.

We've also introduced an **on-line Application and Claim form** to assist our clients. We trust that this new digital service helps to ease the claims process during a difficult time in our clients' lives. Part of our brand promise has always been speedy turnaround and pay-out times for valid claims, so this new claims process helps us to deliver on that promise

Our new brochure covering the **2020 Product Plans** can be downloaded from the below links, and this will give you a good idea of our new branding.

Turnberry is also sending this communication to your clients in order for us to request any changes to personal details to be confirmed and submitted to our Admin division, to ensure that we have updated information on our records.

In closing, I wanted to take this opportunity to thank you for your support and contribution over this past year, and my continued promise of support on every level.

Best wishes to you and your family over the festive holiday season, and if you are travelling - be safe!

Looking forward to another great year in 2020.

Take care,

Listen to Tony Singleton talk on PMB's

Tony van Niekerk of COVER magazine chatted with Tony Singleton, Turnberry CEO. Tony started off by asking Mr Singleton if he could explain the difference between medical schemes, Health Insurance and gap cover and how they fit together. He then asked Mr Singleton if Gap Cover is needed when we have Prescribed Minimum Benefits.

Prescribed Minimum Benefits

All Medical Aids fall under the Medical Scheme Act 131 of 1998, which legislates that a list of 270 Prescribed Minimum Benefits (PMBs) must be covered in full, however, this is subject to terms and conditions. So, why do you still need gap cover, if you will be fully covered?
